Applications shall be complete and include all information required by the Act, including without limitation a route map showing the location of the provider's existing and proposed facilities in accordance with Section 6(5) of the Act.

(c) *Confidential Information.* If a telecommunications provider claims that any portion of the route maps submitted by it as a part of its application contain trade

secret, proprietary, or confidential information, which is exempt from the Freedom of Information Act, 1976 PA 442, MCL 15.231 to 15.246, pursuant to Section 6(5) of the Act, the telecommunications provider shall prominently so indicate on the face of each map.

(d) *Application Fee.* Except as otherwise provided by the Act, the application shall be accompanied by a one-time non-refundable application fee in the amount of \$500.00.

(e) *Additional Information.* The Township Supervisor may request an applicant to submit such additional information which the Township Supervisor deems reasonably necessary or relevant. The applicant shall comply with all such requests in compliance with reasonable deadlines for such additional information established by the Township Supervisor. (g) *Existing Providers.* Pursuant to Section 5(3) of the Act, within 180 days from November 1, 2002, the effective date of the Act, a telecommunications provider with facilities located in a public right-of-way in the Township as of such date, that has not previously obtained authorization or a permit under Section 251 of the Michigan Telecommunications Act, 1991 PA 179, MCL 484.2251, shall submit to the Township an application for a permit in accordance with the requirements of this Ordinance. Pursuant to Section 5(3) of the Act, a telecommunications provider submitting an application under this subsection is not required to pay the \$500.00 application fee required under subsection (c) above. A provider under this subsection shall be given up to an additional 180 days to submit the permit application if allowed by the Authority, as provided in Section 5(4) of the Act.

Section 5. Issuance of Permit.

(a) *Approval or Denial.* The authority to approve or deny an application for a permit is hereby delegated to the Township Supervisor. Pursuant to Section 15(3) of the Act, the Township Supervisor shall approve or deny an application for a permit within forty-five (45) days from the date a telecommunications provider files an application for a permit under Section 4(b) of this Ordinance for access to a public right-of-way within the Township. Pursuant to Section 6(6) of the Act, the Township Supervisor shall notify the MPSC when the Township Supervisor has granted or denied a permit, including information regarding the date on which the application was filed and the date on which permit was granted or denied. The Township Supervisor shall not unreasonably deny an application for a permit.

(b) *Form of Permit.* If an application for permit is approved, the Township Supervisor shall issue the permit in the form approved by the MPSC, with or without additional or different permit terms, in accordance with Sections 6(1), 6(2) and 15 of the Act.

(c) *Conditions.* Pursuant to Section 15(4) of the Act, the Township Supervisor may impose conditions on the issuance of a permit, which conditions shall be limited to the telecommunications provider's access and usage of the public right-of-way.

(d) *Bond Requirement.* Pursuant to Section 15(3) of the Act, and without limitation on Subsection (c) above, the Township Supervisor may require that a bond be posted by the telecommunications provider as a condition of the permit. If a bond is required, it shall not exceed the reasonable cost to ensure that the public right-of-way is returned to its original condition during and after the telecommunications provider's access and use.

Section 6. Conduit or Utility Poles.

Pursuant to Section 4(3) of the Act, obtaining a permit or paying the fees required under the Act or under this chapter does not give a telecommunications provider a right to use conduit or utility poles.

Section 7. Route Maps.

Pursuant to Section 6(7) of the Act, a telecommunications provider shall, within 90 days after the substantial completion of construction of new telecommunications facilities in the Township, submit route maps showing the location of the telecommunications facilities to both the MPSC and to the Township. The route maps should be in [paper or electronic] format unless and until the MPSC determines otherwise, in accordance with Section 6(8) of the Act.

Section 8. Repair of Damage.

Pursuant to Section 15(5) of the Act, a telecommunications provider undertaking an excavation or construction or installing telecommunications facilities within a public right-of-way or temporarily obstructing a public right-of-way in the Township, as authorized by a permit, shall promptly repair all damage done to the street surface and all installations under, over, below, or within the public right-of-way and shall promptly restore the public right-of-way to its preexisting condition.

Section 9. Establishment and Payment of Maintenance Fee.

In addition to the non-refundable application fee paid to the Township set forth in Subsection 4(d) above, a telecommunications provider with telecommunications facilities in the Township's public rights-of-way shall pay an annual maintenance fee to the Authority pursuant to Section 8 of the Act.

Section 10. Modification of Existing Fees.

In compliance with the requirements of Section 13(1) of the Act, the Township hereby modifies, to the extent necessary, any fees charged to telecommunications providers after November 1, 2002, the effective date of the Act, relating to access and usage of the public rights-of-way, to an amount not exceed the amounts of fees and charges required under the Act, which shall be paid to the Authority. In compliance with the requirements of Section 13(4) of the Act, the Township also hereby approves modification of the fees of providers with telecommunication facilities in public rights-of-way within the Township's boundaries, so that those providers pay only those fees required under Section 8 of the Act. The Township shall provide each telecommunications provider affected by the fee with a copy of this Ordinance, in compliance with the requirement of Section 13(4) of the Act. To the extent any fees are charged telecommunications providers in excess of the amounts permitted under the Act, or which are otherwise inconsistent with the Act, such imposition is hereby declared to be contrary to the Township's policy and intent, and upon application by a provider or discovery by the Township, shall be promptly refunded as having been charged in error.

Section 11. Savings Clause.

Pursuant to Section 13(5) of the Act, if Section 8 of the Act is found to be invalid or unconstitutional, the modification of fees under Section 10 above shall be void from the date the modification was made.

Section 12. Use of Funds.

Pursuant to Section 10(4) of the Act, all amounts received by the Township from the Authority shall be used by the Township solely for rights-of-way related purposes.

Section 13. Annual Report.

The Township Supervisor shall file an annual report with the Authority on the use and disposition of funds annually distributed by the Authority, as required under Section 10(5) of the Act.

Section 14. Cable Television Operators.

Pursuant to Section 13(6) of the Act, the Township shall not hold a cable television operator in default or seek any remedy for its failure to satisfy an obligation, if any, to pay after November 1, 2002, the effective date of this Act, a franchise fee or similar fee on that portion of gross revenues from charges the cable operator received for cable modem services provided through broadband internet transport access services.

Section 15. Existing Rights.

Pursuant to Section 4(2) of the Act, except as expressly provided herein with respect to fees, this Ordinance shall not affect any existing rights that a telecommunications provider or the Township may have under a permit issued by the Township or under a contract between the Township and a telecommunications provider related to the use of the public rights-of-way.

Section 16. Compliance.

The Township hereby declares that its policy and intent in adopting this Ordinance is to fully comply with the requirements of the Act, and the provisions hereof should be construed in such a manner as to achieve that purpose. The Township shall comply in all respects with the requirements of the Act, including but not limited to the following:
